

Focusing on opportunities in our profession

- ◇ Tracing the role of medical illustration through different media.
- ◇ The application of art in medicine today and its use and exposure in the future.
- ◇ Enjoy the charm of King's College, Cambridge.
- ◇ Experience a formal dinner in the Great Hall of King's College, Cambridge.
- ◇ Exhibition of member's work.
- ◇ A visit to the famous Anatomy Department of Cambridge University.
- ◇ Translation throughout the meeting into English, Italian, French.

Invitation

Dear Colleague,

We have pleasure in extending to you the invitation to attend the Eighth Conference of The Association of European Medical & Scientific Illustrators which will be held on 11-13 September 1995 in the ancient setting of King's College, Cambridge.

We are invited to stay and dine within the College. Each bedroom is single and has a bathroom. Special events will be organised within the College and there will be expeditions to other parts of Cambridge.

Conference Main Topics

Opportunities in our profession in the UK

Digitised imaging

Virtual reality as it relates to our profession

Anatomical dissection

Photoshop

Facial reconstruction

Worldwide Web and Internet

And lots more....
